PROFESSIONAL EXPERIENCE

IPO Money

Full Stack Developer (Internship)

December 2023 - March 2024

I learned a lot from this internship about acquiring new skills on the job and communicating effectively with colleagues. It was a challenging three months, as everything was new and I had to implement tasks I had never done before. Despite the difficulties, I managed to keep everything together and learned many new technologies, including Next.js. Overall, these three months were a valuable and enriching experience.
